EXPERIENCE

General Assembly, Boston, MA — *Software Engineer Immersive Fellow*
September 2019 - present
Completed 4 full-stack applications during a 500+ hour, 12 week immersive program.

- Chess Game
  - React Chess Application that lets users create a chess game. Users can store moves made and access those coordinates for later. The chess game has piece movement limitations, taking pieces, and a game over screen.
  - Built with React, Javascript, Express.js
- Team Undefined Chatroom
  - Team Project Application where I worked alongside three others and helped develop a chat room app. In this chat room, users can get live messages, update and delete their messages, and send messages. I worked as the front end manager.
  - Built with Javascript, JQuery, AJAX, and SocketsIo
- Pirate Adventure
  - This application is a choose your own adventure game. Users can create characters who each have their own path they can choose. They get a game over screen, can update their characters, and delete their characters.
  - Built with Javascript, JQuery, and AJAX
- Tic-Tac-Toe
  - This application is a tic-tac-toe game. Users can play a game to finish, can choose a color to signify their victory or loss, can view how many games they have played, are in progress, or are completed.
  - Built with Javascript, JQuery, and AJAX

Old South Meeting House, Boston, MA — *Floor Manager*
February 2018 - October 2019

- Prepared museum for daily operations in both admissions and the shop
- Trained new employees on museum operations and policies
- Created an excel template for daily scheduling

Old North Church, Boston, MA — *Gift Shop Associate*
August 2018 - November 2018

- Ensured sales were accurately submitted through POS
- Maximized gift shops accessibility to customers by stocking, folding, and cleaning the shop

The Home Depot, Falls Church, VA — *Asset Protection Specialist*
August 2017 - January 2018

- Drove execution of the company's internal and external theft and fraud strategy
- Prepared detailed and accurate case/ investigation reports

Riley's Donuts, Houston, TX — *Front-End Manager*
April 2011 - May 2015
- Managed the store front-end and co-managed the back-end
- Trained new employees on customer service, price points, and store operations

Myer's Find Furniture Repair, Houston, TX — *Furniture Repair Technician*
June 2012 - May 2015
- Trained in performing furniture maintenance and repairs
- Assisted with lifting heavy furniture
